Radio Controlled Watches

Totally indestructible and always keeping the exact time – these are the core values of the GIEZ GS-1100 that features the groundbreaking WAVE CEPTOR radio-controlled technology. Supporting the reception of radio signals in major parts of North America, Europe, and Japan, these solar powered watches are the most precise timekeepers in the world. You'll find more information about G-SHOCK at [www.g-shock.eu](http://www.g-shock.eu)
