Radio Controlled Watches

Classy design, the perfect interplay of five motors and a solid stainless steel case with a mineral glass – its unique looks and superior technology make the solar-powered, radio-controlled chronograph GIEZ GS-1100 the perfect watch for men with highest demands.

Time seems to stand still at the first sight of the G-SHOCK DW-5600 models: The original 1983 design of the very first G-SHOCK communicates an authentic retro spirit, but its functions and features are at the cutting edge of technology: 1/100 sec. stopwatch, count-down timer, multi-alarm – a must-have for every G-SHOCK Fan.

In classic black or in racy colours: the G-7700/7710 series with 100 lap memory and display flasher was developed and built to meet the toughest demands on and off the racing circuit. The 1/1000 second stopwatch clocks times with millisecond precision and shows them in perfect clarity on its superbly laid out display.
